

Efficient order management for colour & sizes

K3 Pebblestone's Order Management allows businesses to save days' worth of work and effort by providing aggregated views and easy order entry features – thereby enabling them to be more effective and efficient when dealing with different products and seasons. The fast and flexible matrices also enable seamless maintenance of quantities, prices, and delivery dates.

Sizes and colours matrices

Effortlessly manage different product options, like sizes and colours, with K3 Pebblestone's 2D and 3D matrices.

Multiple product dimensions

Seamlessly complete and edit orders at the click of a button through K3 Pebblestone's fast and flexible matrix and the aggregated view.

Style level

Easily group individual products into a style when making a sales order to save time and improve efficiency.

Easily accessible information

Barcodes attached to each product ensure you have all the information you need including wash and care instructions, composition and tariff numbers.

Mass changes

Oversee the handling of thousands of order lines while maintaining an absolute overview to save time and ensure you're always in control.

Quality control

Make sure you never sell a defective product by conducting quality control on different sets of test products per purchase order category.

About K3

As a Microsoft Cloud for Retail launch partner, K3 champions but one ideal: to foster an ethical and socially responsible world driven by sustainable practices.

We have innovated retail technology for the last 30 years, but today, we simply aim to empower others to make greener choices – and that starts with our solutions.

K3 blends its own IP with third-party products to create platforms that are truly transformative and enable forward-thinking brands to unlock enduring value and trust from intelligent, agile and sustainable business practices.

With purpose and pace, K3 will permanently transform fashion, apparel and select retail markets into a model of good business, transparency and ethical sustainability.
